

Hi All

Thanks again for booking/re-booking/staying with us - and we're sure it's really going to happen this time....

... but, let's all take **COVID PRECAUTIONS:**

- Please do not come if you have any Covid symptoms or have recently tested positive
- Please take a Covid test prior to departure (on, say, April 28<sup>th</sup> or 29<sup>th</sup>)
- Please bring your own plentiful supply of 70% + alcohol hand sanitizer, plus lateral flow tests - and masks if you feel happier using them
- If you develop any symptoms or feel unwell during the festival, please tell a member of staff and leave the event; seek medical advice if needed.

**Each attendee is asked to please bring the following for personal use:**

- Re-fillable water bottle; re-usable drinking cup; eating utensils (if doing some self-catering)

**The arrival timetable on April 29<sup>th</sup> is suggested as:**

4.30pm onwards – field campers can arrive

5.30pm onwards – others attendees can arrive

6.00pm onwards – as soon as they are ready, tickets can be picked up from reception

6.00pm to 7.30pm – café will be serving dinner (remember you can buy meal deal vouchers in advance)

**Key initial advice, since it is all new to us** (there will be signs put out for most of this and the school plan is attached):

**School Entry:** in Four Pools Road, facing the school, use the furthest left/northern vehicle entrance

**Campers** – take the first left before the tennis courts and drive along the back of the courts to access the field. Cars can stay on the field or, if rain is forecast, maybe move back to the tennis court car park (allow time for other campers to arrive first – it's a single lane field access).

**Performer/staff camper vans only** – spaces available in front of tennis courts, either side of its entry gates. A few spaces for performers may be available further up closer to the English block.

**Disabled campers only** – turn right where signed opposite the tennis courts. The one caravan booked could maybe park on the left, alongside the Maths block, campervans turn left and park facing or backing onto that block – from which electrical supply will be provided. (A bit of suck-it-and-see this first time, but we would like the vans grouped and not spread across the open 'Quad' area.)

**Cars** – please fill the Tennis Court space first – 80 cars possible. After that there is a small park to the left side of the courts - this will be coned initially to help caravans make the turn around the back of the courts.

**Reception, café** – will be in the English block, entry between it and the adjacent block.

**STEWARDING:** it is not impossible that we may lose a few stewards due to Covid. Additional offers of help are always welcome.

**At the end on May 2<sup>nd</sup>:**

3.45pm – programme ends. Any help with tidying up will be much appreciated.

**Field campers** may stay overnight, but since May 3<sup>rd</sup> is a normal school day, they should leave on Tuesday before 8.30am, or, between 9.15 to 10am.

**Lanyards and tickets:** don't forget to leave these with us.

**FEEDBACK:** please provide us feedback on any aspect of the festival, on paper, by email to any member of staff, or, better, go to [mayheydays.org.uk/feedback](http://mayheydays.org.uk/feedback).
